6. Partial Repayments

	
ERC Free Partial Repayments Criteria	
Maximum number of payments in 12 month period	12
Maximum value of payments in 12 month period	No more than 10% of the total amount borrowed
Minimum Partial Repayment	£50
Minimum outstanding balance after payment	£1,000

Any partial repayments made not conforming to these restrictions are liable to attract Early Repayment Charges.

Monthly direct debits of a regular amount can be set up for partial repayments on these products.

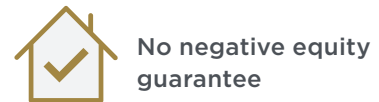

7. Moving House

- The lifetime mortgage can be transferred to a new property, subject to it meeting lending criteria at the time. A partial repayment may be required if moving to a property of equal or lesser value.
- If the initial advance has completed over 5 years ago and the new property does not meet the prevailing lending criteria, then the borrower(s) may repay the entire loan without an ERC.

8. Death or Moving into Long-term Care

- No negative equity guarantee for the final customer's entry into long-term care or death.
- The mortgage must be repaid when the borrower (or both borrowers if they are borrowing jointly) have died, or have permanently left the property because they need long term care. For example, to move into a care home or to be cared for by relatives due to medical necessity. In this instance no Early Repayment Charges are payable.
- For a joint life account where one person dies or moves into long-term care, the remaining borrower may repay the lifetime mortgage within 3 years without ERCs (subject to terms and conditions).

9. Loan-to-Values (LTVs) – Standard and Elite

Customers will receive a personalised quote based on their loan amount, age, property value, property type and location. The below table shows the absolute maximum LTV that a customer may borrow. The following LTVs apply to both lump sum and drawdown plans.
